JOBS. EDUCATION. KNOWLEDGE.*

**Recruitment and Talent Acquisition for
the Call and Contact Center Community.**

Who are we?

Since August of 1998, CallCenterJobs.com has remained the #1 niche job board for the call center community. With a quality audience of call center experienced candidates, the most extensive exposure to the passive job seeker market, and very competitive pricing, we are able to connect you with qualified customer service representatives, supervisors, managers, executives and any other positions requiring call center specific experience and skills while maximizing your recruiting and talent acquisition budget.

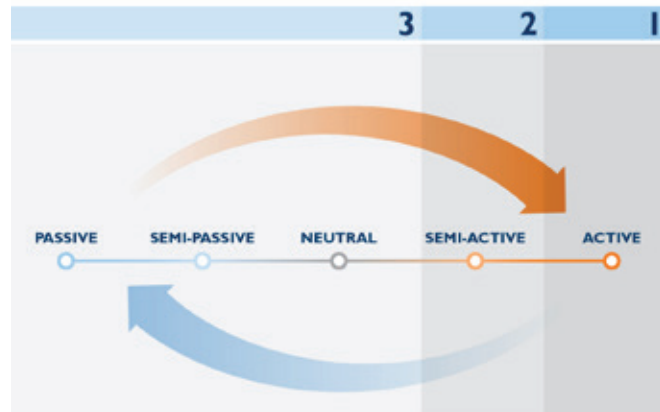

What do we do?

Recruitment is about filling short-term vacancies.

Talent Acquisition focuses on long-term human resources planning and the processes related to attracting, sourcing, recruiting and hiring the best talent available to ensure your organization has the right people, with the right skills, who are in the right job, and are engaged because they work for the RIGHT company.

CallCenterJobs.com offers solutions that complement both Recruitment and Talent Acquisition strategies by attracting candidates looking for a job and researching companies for future opportunities. While the large boards are fighting over the 20% of active job seekers, we reach the 80% and uncover quality candidates before they become part of the 20%.

CANDIDATE LIFECYCLE

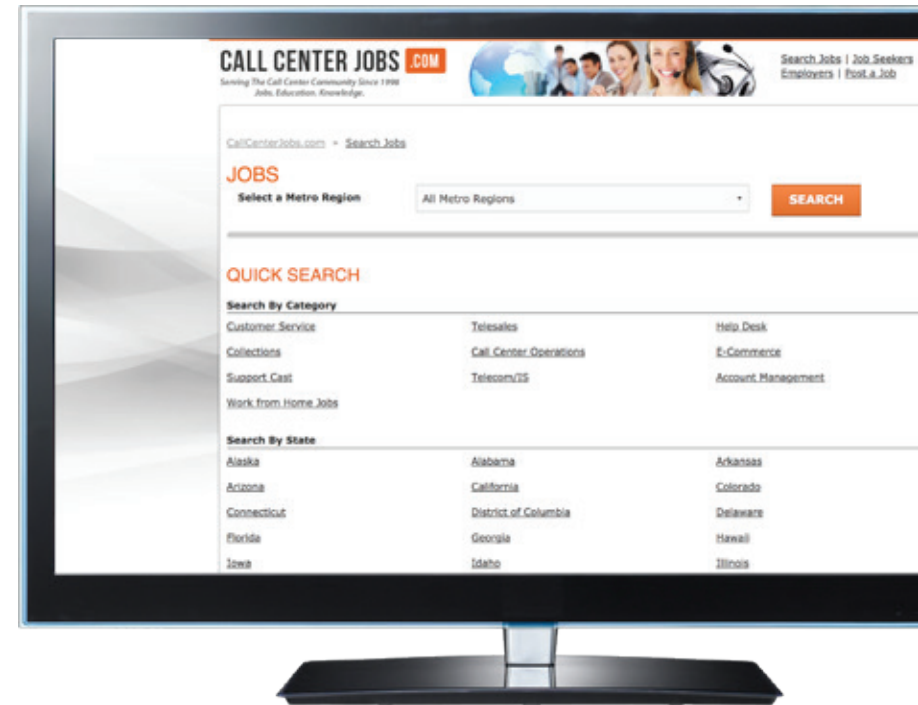

As a niche site, CallCenterJobs.com attracts and retains quality candidates with specific call center experience and skills at all points of the candidate lifecycle.

Active job seekers: Actively looking for jobs and researching companies.

Semi-passive job seekers: Interested in a new position but only researching companies and opportunities at this point.

Passive job seekers: Currently employed and not actively seeking another job, but always interested in knowing what opportunities lie ahead.

Niche and General Marketing Strategies

While generalist job boards offer you one category, “Customer Service,” we specialize in all call center positions helping both candidates and employers save time and narrow their audience based on this specific experience.

We cross post jobs to our network of job boards and job search engines to provide you with a larger candidate pool of candidates for current openings as well as building our audience for future openings – AKA Talent Acquisition.

Our network includes applicable local and regional job boards as well as the following:
(Subject to change depending on results)

Niche Marketing Industry Partnerships -

- CCW
- ICMI
- CCPipeline
- CRMxChange

Job Boards

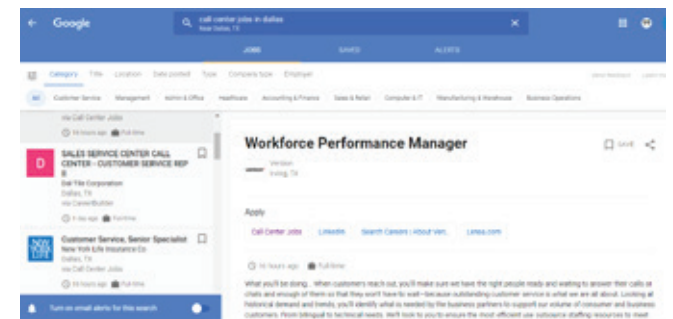

We power the job boards of industry specific websites serving the call center community.

We appear naturally in top positions on leading search engines such as Google, Yahoo, MSN, and Bing for thousands of industry-specific key-words such as:

- “call center jobs”
- “call center jobs in dallas”
- “customer service jobs”
- “customer service jobs in Phoenix”

Trade Shows

We partner with industry associations and exhibit at trade shows nationwide, including Call Center Week, SHRM Annual Conference, etc.

Jobs indexed by Google Jobs

We Promote Your Jobs, Call Center and Company Brand

Savvy candidates evaluate companies before applying to or accepting a job, much in the same way they evaluate consumer brands when shopping. They'll be researching you as much as you research them to help them determine proactively if they are a cultural fit to the organization, and whether to apply.

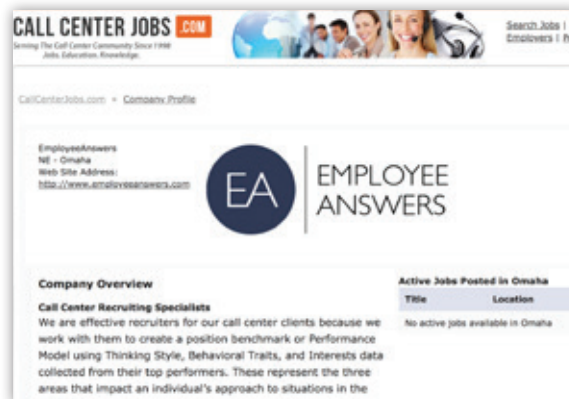

We help all candidates find and research your company - your Brand. Our Company Profile Package combines both recruiting and talent acquisition capabilities designed to best connect employers and candidates on an ongoing basis. Talented people are looking for you even when you are not looking for them, build your talent community so you can find talent before you even need to post an open position!

Our Company Profile Package includes:

1- Annual Unlimited Job Postings for a Single Metro Area Location

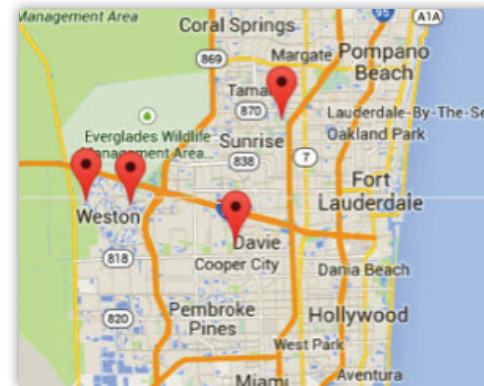

Our fixed cost pricing encourages call centers to post ALL their open positions on our site on a regular basis. Recruit for all positions for one fixed cost! Job statistics included.

2- Company Profile Page

Your Company Profile includes your company (or call center) overview, logo, displays your open jobs and provides a link to your career section to search for additional opportunities.

3 - Call Center Location included on USA Map

Call centers are often hidden - back office - operations so location is a key factor when researching companies. We let candidates know you are located in their Metro Area. Candidates are more likely to apply for jobs if they know the location of the call center - or join your talent community.

4 - Getting jobs posted is EASY!

Jobs posted via XML feed - send us any XML feed and we will get jobs posted. Also, just email us the jobs and we will post for you.

- Agencies - we are Clickcast Certified for managing job postings and performance data.

As the ONLY niche job board marketing directly to the call center community CallCenterJobs.com attracts candidates before they start their search on the general job boards. The Company Profile Package insures candidates can find, research and apply to your open positions.

2018 Pricing

Agencies - we are Clickcast Certified for managing job postings and performance data.

Single Job Post - \$125 and remains on the site for 30 days.
